Fortresses

There are many spiritual foundations we can build into our lives as fortresses for strategic health and growth. Below are several categories to consider. Pray and ask the Holy Spirit about each one and type in whatever is meaningful to you. Avoid condemnation of the enemy to be overwhelmed by everything you "should do". Listen by God's grace and decide what the Lord would lead you to do. Record below:

1. Devotional life. What would you like to do?

2. Sabbath Strategy. Choose a day and choose parameters. Add a "backup" day, if the first get's displaced.

3. Fasting Strategy. Choose a day and choose parameters.

4. Financial Strategy. Is your budget and spending under control? If not what do you need/plan to do?

5. Prayer Team. It's important to have warriors praying for you each week while raising support. What will you do?

6. Scripture Memory. What scripture(s) are your bed-rock foundation promises regarding raising support? Pick one or more scriptures you will memorize. Record below.

7. Life-Line Relationship. Each of us needs someone other than a spouse to be “an open book” to the deepest part of our life. Statistics say 1/3 of ministers “wash-out” of their careers. What do you need/plan to do?

8. Refresh Night. It's easy when working in ministry to become too busy at the expense of real relationship with others. Spending time for fun, heart sharing and relational growth is simply sacred to our life and mission. If single, do you have an established time to connect with a close friend? If married do you have a regular “date night” to connect with your spouse? Write down what you are doing or plan to do.

Current Focus

Review your work and decide which one(s) you'd like to make a priority over the next few weeks. Write them below
